### **Section 1: Introduction**

Navigating new places and unfamiliar systems can be difficult and stressful. Housing Connect understands that you want what's best for your family. We know that education provides a strong foundation for present and future opportunities. Education plays a vital role in children's development so it is important that you as the parent, have the tools you need to support your children on their educational journey. This packet is designed to help you navigate the elementary school system through the School District.

If you have questions or need assistance on anything in this packet, feel free to reach out to the Youth and Family Services Manager at 801-882-5582 or [cmeyers@housingconnect.org](mailto:cmeyers@housingconnect.org).

## **Section 2: Determining Boundaries**

If you are new to an area or your child is just entering the school system, you may be unsure of which school they are supposed to attend. The steps below will help you determine which

school district your family lives in and the schools that are assigned to those boundaries. Once you have determined your boundaries, you can decide if you want to enroll your child at their “home” school or get a permit for them to attend a school outside of those boundaries. Find information on special permits on page 14

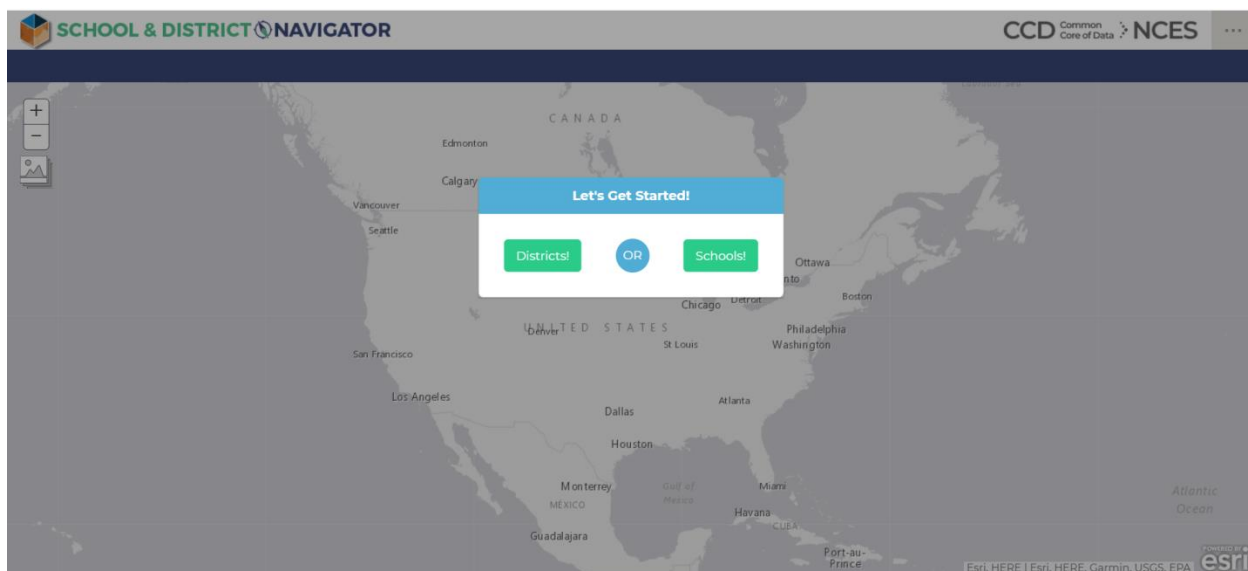

Find your school district:

1. Go to: <https://nces.ed.gov/ccd/districtsearch/>

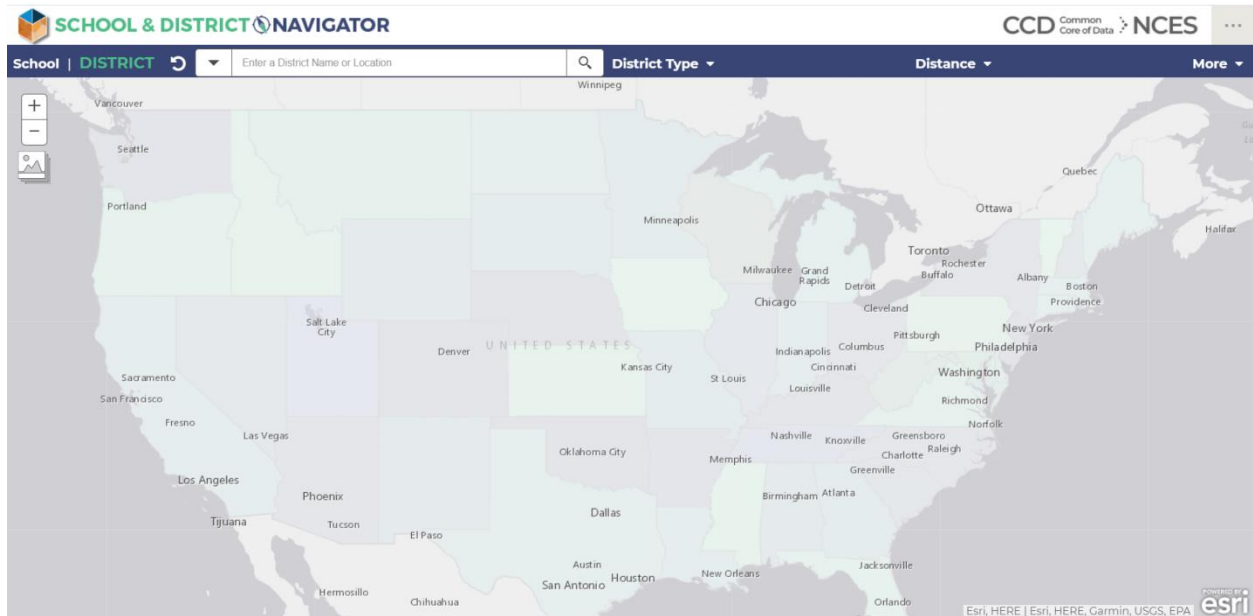

2. Click on the words “School & District Navigator”

Source: CCD public school district data for the 2019-2020, 2020-2021 school years

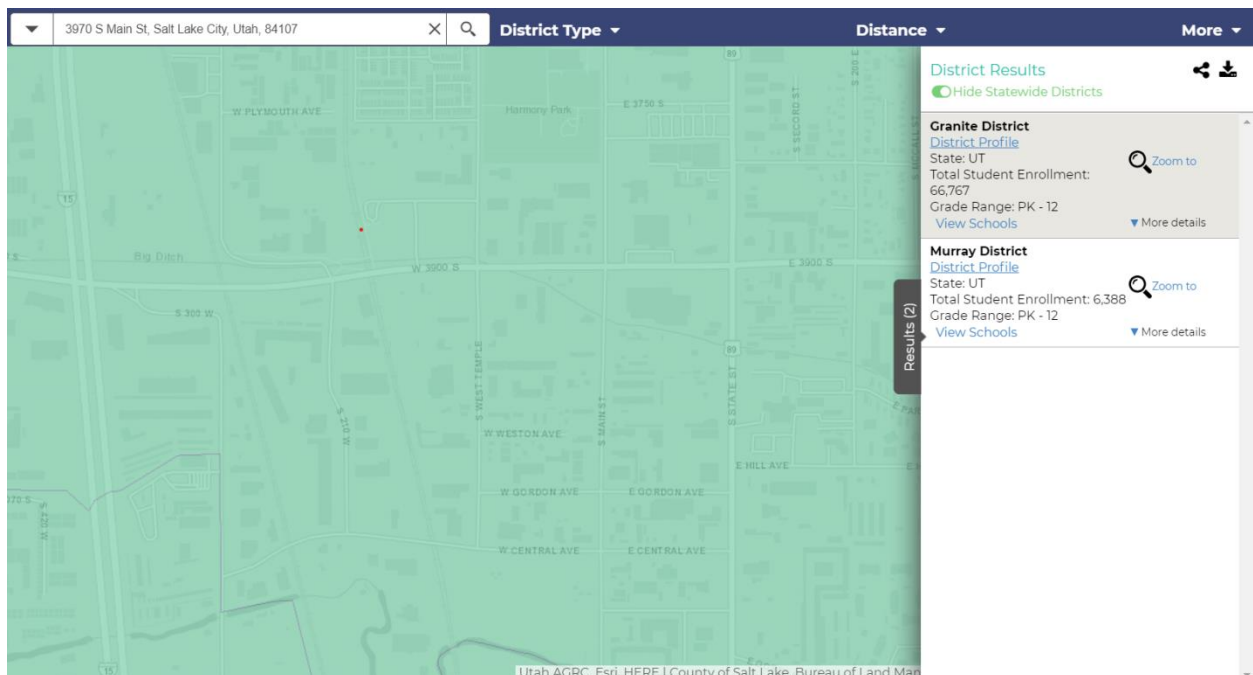

3. On the “Let’s get started tab click on the left green button labeled “Districts”

4. In the search bar, type in your home address and press the search button. (The search button is marked with a magnifying glass)

5. A box should appear on the right identifying which school district you live in.

Sometimes, the website may pull up more than one eligible district, if this happens going to the potential districts websites and utilizing their school search tools is the best option.

### Finding your school

In order to find out which school boundaries you live in open any internet browser and go to:

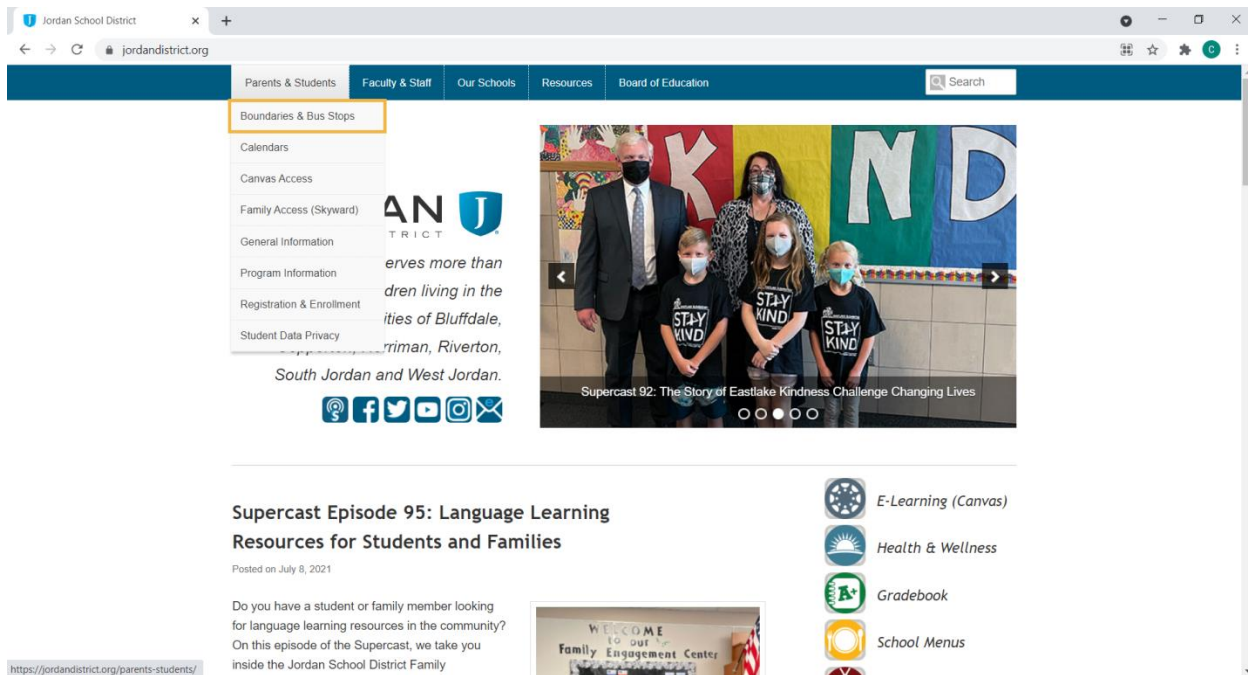

<https://jordandistrict.org/>

The screenshot shows the Jordan School District website. The header includes navigation links: Parents & Students, Faculty & Staff, Our Schools, Resources, and Board of Education, along with a search bar. The main content area features a large banner with the text: "Welcome to JORDAN SCHOOL DISTRICT. Jordan serves more than 56,100 children living in the communities of Bluffdale, Copperton, Herriman, Riverton, South Jordan and West Jordan." Below this is a video player showing "South Valley Students Deliver Handmade Tables to Their Home School". To the right of the banner is a vertical list of links: E-Learning (Canvas), Health & Wellness, Gradebook, and School Menus. Below the banner, there is a section for "Supercast Episode 95: Language Learning Resources for Students and Families" with a sub-header "Posted on July 8, 2021". The text in this section reads: "Do you have a student or family member looking for language learning resources in the community? On this episode of the Supercast, we take you inside the Jordan School District Family". To the right of this text is a small image of a "WELCOME TO OUR Family Engagement Center" sign.

Move your cursor over to where it says “Parents and Students”; this will bring down a drop down menu.

This screenshot shows the same Jordan School District website, but with the "Parents & Students" dropdown menu open. The menu lists the following options: Boundaries & Bus Stops, Calendars, Canvas Access, Family Access (Skyward), General Information, Program Information, Registration & Enrollment, and Student Data Privacy. The main content area remains the same, featuring the same banner and video player. The "Supercast Episode 95" section is also visible, with the same text and image as in the previous screenshot. A small URL bar at the bottom left shows "https://jordandistrict.org/parents-students/".

Click where it says “Boundaries and Bus Stops”.

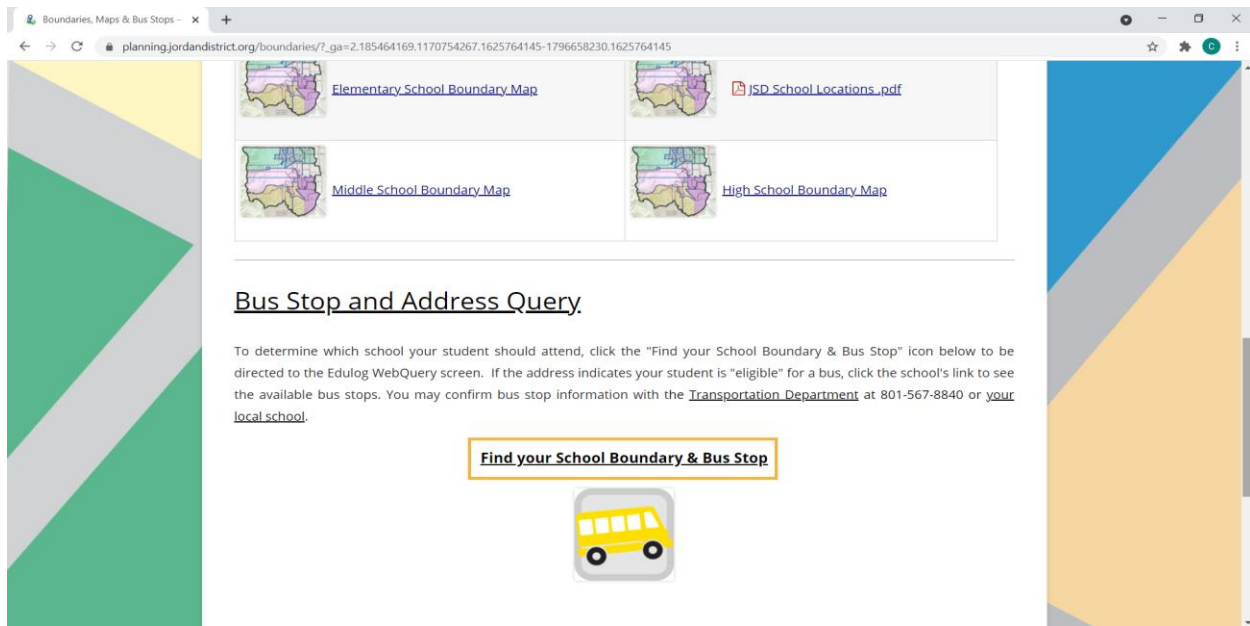

After clicking on this section, your screen should look similar to this.

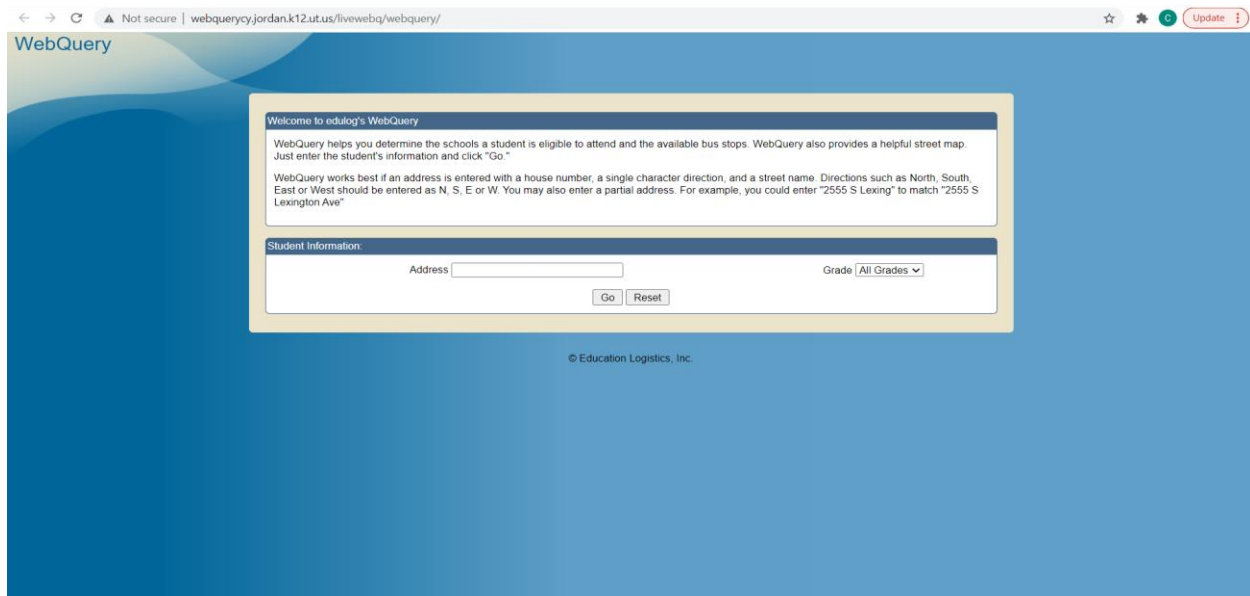

From here you will want to scroll down until you reach the spot labeled “Bus Stop and Address Query”. From there you should click where it says “Find your School Boundary and Bus Stop”.

This is highlighted in yellow in the picture below.

After clicking there, you should be greeted with the screen below. From this screen you can narrow the scope of your search by grade, which will simplify the results if you only have one child attending school. However, if you have multiple children who will be attending different grades it is best to leave it set to search for all grades.

From there enter your street address, there is no need to include the zip code. After you have entered your address click go.

The screenshot shows the WebQuery homepage with a blue background. A central white box contains the 'Student Information' form. The form has a title 'Welcome to edulog's WebQuery' and a paragraph explaining its purpose. Below this, there is a section titled 'Student Information' with an 'Address' input field, a 'Grade' dropdown menu set to 'All Grades', and 'Go' and 'Reset' buttons. The 'Go' button is highlighted with an orange border. At the bottom of the page, it says '© Education Logistics, Inc.'

If your address is within the District's boundaries a table will come up with the school boundaries you live in.

The screenshot shows the WebQuery results page. The 'User Information' section at the top shows the address and grade. Below this is a 'Select a School' section with a table of results. The table has three columns: 'School Name', 'Eligibility Description', and 'Grades'. The results are as follows:

School Name	Eligibility Description	Grades
QOUIRRH HILLS MIDDLE	Within walk distance of school	07 08 09
RIVERTON HIGH	Within walk distance of school	10 11 12 P3 P4
<a href="#">ROSE CREEK ELEMENTARY</a>	Eligible	01 02 03 04 05 06 21 KA KP P2 P3 P4 PSA PSP

At the bottom of the page, it says '© Education Logistics, Inc.'

The first column (left) identifies by name which school boundaries you live in. It lists the middle school first, then the high school, and concludes with the elementary school. The middle column lets you know if you are eligible to use the school bus as a means of transportation. The

third column (the rightmost column) lists which grades each school serves.

If any of the school's names are blue, it means that you are eligible to use the bus system. If you click on the school's name a table will show up listing nearby bus stops, the time the bus arrives there and what days of the week the bus stops there.

The screenshot shows the WebQuery website interface. At the top, there's a navigation bar with the 'WebQuery' logo. Below it, a 'User Information' section displays the user's address and grade, with an 'Edit User Information' link. The 'Select a School' section contains a table with three columns: School Name, Eligibility Description, and Grades. The 'ROSE CREEK ELEMENTARY' row is highlighted in blue. Below this, a 'Stop List' for 'ROSE CREEK ELEMENTARY' is shown, containing a table with columns: Number, Stop Time, Stop Description, Distance To Stop, Bus Number, Route Number, School Bell Time, and Frequency. The table lists 8 bus stops. At the bottom of the page, there is a 'View the Map' button and a copyright notice for Education Logistics, Inc.

To help you determine if you would like your child to attend their “home” School, check out [www.greatschools.org](http://www.greatschools.org).

From this website, you can input your address and see the schools closest to you by rating. The rating a school receives is the summary of the calculation of four ratings designed to show

different areas of school success: student or academic progress, college readiness, equality and test scores. Student progress measures whether students are improving over time on an individual level and academic progress measures whether the school is improving as a whole using school level data. College readiness measures how well high schools are preparing their students for success in college and careers. The rating is based on high school graduation rates, SAT and ACT performance and advanced course information. The Equity Rating is designed to measure how well a school serves the academic development of disadvantaged students and is measured by progress gaps between disadvantaged students and non-disadvantaged students, how disadvantaged students are performing based on student progress, academic progress and college and career readiness. The testing score measures academic proficiency using state test scores across grades and subjects. Together the ratings make up a score from 1-10 (1 being the lowest and 10 the highest).

### **Section 3: Enrollment**

Now that you have decided which school you would like your child to attend, it is time to enroll them. First, go to <https://jordandistrict.org/>

Next, move your cursor over to where it says “Parents and Students”; this will bring down a drop down menu.

From here you will be able to enroll online via Skyline Family Access. Enrollment starts mid-July. If this is the first time you are enrolling in the Jordan school district, click where it is highlighted in yellow.

It will bring up a page that will allow you to register for an account, so that you can enroll your student online.

After you have completed creating your account, navigate back to: <https://planning.jordandistrict.org/enrollment/> and click where it is highlighted in Blue to login and continue the online enrollment process.

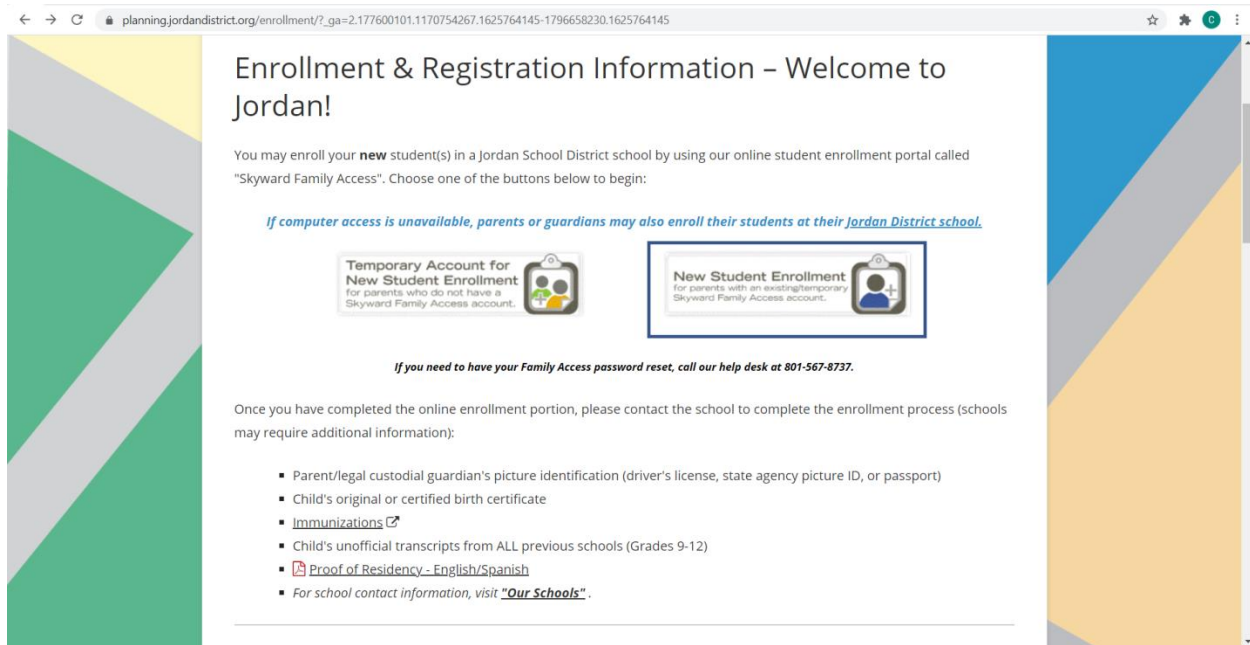

After you have completed the online portion make sure to contact your child's school to complete the enrollment process. If you do not have internet access at home, public libraries are a good resource to use. You can also visit the school you would like to enroll your child at; they may have a computer there that you are able to use.

### Enrolling a returning student

If your student has already been enrolled in a school in the Jordan School District, you will not need to re-enroll unless the student has been expelled, graduated to the next level of school, or has moved out of the district. If this is the case, you will just need to re-enroll as if they were a new student following the process outlined above. (Pages 12-14).

Navigate to: <https://planning.jordandistrict.org/enrollment/> and either create a new skyline account or login to your existing one (highlighted here in blue).

After you have logged in, you will be able to choose which school you would like to enroll your child in, based on your home school boundaries or if you were accepted for open enrollment at that school.

### Open Enrollment:

If you want to enroll your student in a school whose boundaries you do not live in, you must file a request for a school choice permit online. If you do not have internet access at home, public libraries are an excellent resource to use. You can also fill out an application at the school of your choice.

You can find the online application here:

<https://planning.jordandistrict.org/enrollment/schoolchoice/>

An application for a permit is considered during three separate permit windows:

December 1<sup>st</sup> – December 31<sup>st</sup> is the early enrollment period, and gives you the highest chance of acceptance.

January 1<sup>st</sup> through the 3<sup>rd</sup> Friday in February – Permits are considered on a first come, first served bias.

After the 3<sup>rd</sup> Friday in February: Permits are considered based on the staff to student ratios.

**Once an application has been accepted, you do not need to reapply each year. You will only need to reapply when your child has moved on from one level of schooling (i.e. from elementary school to middle school or from middle school to high school), your child is expelled or suspended, or the District determines that enrollment has exceeded the capacity of that school.**

If you enroll at a school outside of your boundaries, you will be responsible for transporting your children to and from the school. **The school district does not provide bussing for students enrolled in school's outside of their boundaries.**

#### **Section 4: Preschool Registration**

Preschool is offered in the district to children ages 3 to 5 years old. If your child turns 5 on or before September 1<sup>st</sup> of the year that you would like to enroll them in preschool, you are not able to enroll them in preschool.

Registration for preschool is done online, if you do not have access to the internet at home- make use of local libraries or other public places with access to the internet. You can apply online at <https://jcdc.jordandistrict.org/preschool/registration/> or call the Jordan Child Development Center's main office at (801)-567-8510 or email the preschool program directly at [preschool@jordandistrict.org](mailto:preschool@jordandistrict.org)

In order to register you will need to provide your child's birth certificate, current immunizations record or exemption form, proof of address and your photo ID. In addition to the

documentation up above there is a non-refundable 40\$ preschool registration fee and tuition costs 100\$ a month.

You may find a list of preschool locations at:

<https://jcdc.jordandistrict.org/preschool/locations/>

New students must provide:

- Birth Certificate
- Current Immunization Records or Exemption Form
- Proof of address
- Photo ID (Parent or Guardian)
- Payment for fees or fee waivers

Returning preschoolers must provide proof of address and pay any applicable fees. If your child turns 5 on or before September 1 of the new school year, they can not enroll in preschool but are eligible to enroll in Kindergarten.

## **Section 5 Kindergarten Registration**

In order to register for kindergarten, your child must be 5 years old on or before September 1 of the year that you are trying to enroll them for. If this is your first time registering your child in the Jordan School District you will need to provide:

- Birth Certificate
- Current Immunization Records or Exemption Form
- Proof of address
- Photo ID (Parent or Guardian)
- Payment for fees or fee waivers

Registering for kindergarten is done online, following the steps outlined above (pages 11-14). Just like with registering older children, after you have completed the online part do not forget

to contact the school to finish the enrollment process.

## **Section 6: Resources**

Immunization exemptions: To receive a vaccination exemption form, the legally responsible individual who claims the exemption for the student must complete the online immunization education module. The education module can be accessed by going to: <https://immunize.utah.gov/immunization-education-module/>. After the successful completion of the module you will be emailed a vaccination exemption form that you need to fill out and turn into the school.

Free and Reduced Lunch: The Jordan school district accepts applications starting in July for the coming school year.

Fill out one free and reduced price school meals application for all students in your

household. Applications are available at the Jordan School District Office, at all schools, or on-line using your skyward login.

You may turn in your application at the district office, mail it to Nutrition Services 7905 S. Redwood Road West Jordan UT 84088, fax it to 801-567-8768 or turn it in at any of your student's schools.

The Federal eligibility for Free and Reduced Meals changes each school year. Because of these annual changes, a new application must be submitted each year.

#### Transportation:

Your child will be eligible for bussing to school, if you live over 1.5 miles away from your child's home elementary school. If you opt to enroll your child in a different school then you are responsible for transporting your child to and from school.

If transportation is an issue, the UTA may have routes that will get your children closer to their school. You can buy monthly passes for children 6-17 (or those still attending high school) for reduced rates.

#### Fees and Fee Waivers

## 2022-23 Elementary School Fee Schedule

The Maximum Aggregate per year for each student is \$7,000. (Includes all fees, travel, camps & clinics)

All fees listed are the maximum amounts charged per student for each class or school sponsored

or supported activity. Actual amount charged may be less.

<b><u>3. Musical Instrument Rental</u></b>		
<u>Per instrument per year</u>		<u>\$80.00</u>

The proceeding table lists the maximum amounts that may be charged per pupil for each activity, class, or athletics participation. Actual fee amounts are determined by your school.

Fee Waivers: When enrolling at any school in the Jordan School District you are able to fill out the application for a fee waiver. When you fill out the form, it will identify the documents that you will need to provide for verification. If your application is denied you are able to appeal the decision to the Jordan School District Administration, if it is denied again you can appeal to the Jordan School District Board of Education.

#### Special Education Services (Section 504 Plans and IEP's)

Section 504 is the part of the Rehabilitation Act of 1973 which applies to persons with disabilities. Section 504 is a civil rights act protecting the civil and constitutional rights of persons with disabilities.

Section 504 states: “No otherwise qualified individual with a disability ... shall, solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to any discrimination under any program or activity receiving Federal financial assistance.”

If you believe your child is in need of specialized education services or other accommodations available to students with disabilities or difficulties in learning you can fill out a “referral for 504 assistance form” Which can be found online at: [https://guidance.jordandistrict.org/wp-content/uploads/sites/20/054\\_504RehabActBook.pdf](https://guidance.jordandistrict.org/wp-content/uploads/sites/20/054_504RehabActBook.pdf) on page 22. This form must then be submitted to your child’s principal.

A 504 plan documents the accommodations needing to be made, the persons responsible for providing them, the action to be taken with each accommodation, and the persons involved in developing the plan.

Students receiving help from a section 504 plan are re-evaluated once every three years or as often as circumstances require.

An IEP is an “Individualized Education Plan” It is a legal document that identifies the special education instruction, support and services to help your child succeed in school.

For Special Education Services you may ask any teacher, administrator or counselor to request special educational services or an evaluation.

Once you have made the request, they will provide you with any paperwork and directions to continue the process.

Before School Programs:

Columbia , Copper Canyon, East Lake, Elk Meadows, Falcon Ridge, Foothills, Fox Hollow, Hayden Peak, Heartland, Jordan Hills, Majestic, Mountain Point, Mountain Shadows, Oquirrh, Riverside, Rosamond, South Jordan, Southland, Terra Linda, Welby, West Jordan, Westland, and Westvale Elementary schools all serve breakfast before school starts.

After School Programs:

Most schools in the district have some form of after school activities, be they athletic, artistic, or academic in nature. The best ways to find out about them are to check your school's website and to keep an eye out for information brought home by your children.

## **Appendix II: School Counselors, Social Workers and Psychologists**

Each school in the Jordan school district has personnel specifically assigned to help you and your children establish healthy development and create positive boundaries around social, emotional and psychological health. These staff include social workers, school psychologists, speech language pathologists, and more.

Social workers and psychologists can provide counseling while providing social, emotional, and psychological support, they also help with IEP's and other accommodations, and can give referrals to outside resources.

Speech language pathologists help students with communication delays. They can help your children with literacy, fluency, articulation, and social communication issues.

Guidance Counselors help with academic and behavioral challenges.

In addition to these personnel the Jordan School District has a website devoted to positive mental and emotional health: <https://wellness.jordandistrict.org/> and the Jordan Family Education Center. The Jordan Family Education Center provides classes, support groups and short term counseling at no charge to families living within the district boundaries. Short term counseling requires an intake appointment which can be set up by calling 801-565-7442. Counseling sessions are typically held on Tuesday, Wednesday and Thursday evenings. All other questions concerning classes or hours can be directed to 801-565-7442

Below is a list of all of the service providers within the elementary schools in the district so you can easily contact them as needed. If contact information is not listed, the best course of action is to call your child's school's main office in order to find out how to contact your school's psychologist or counselors.
