Housing Connect is following the federal government shutdown which began October 1st, 2025 and the resulting impact.

Housing Connect remains open and we are not anticipating any disruptions to services at this time. We will continue to provide updates as we get new information.

Please remember:

Housing Connect is not a federal agency and our staff are not federal employees.

We are not required to cease operations even if the federal government shuts down all non-essential activities. We are here for you.

Housing Connect is prepared.

Housing Connect has been provided with funding allowing us to make HAP (Housing Assistance Payments) through December 2025.

We continue to closely monitor what is happening during the shutdown and will provide updates as we learn more information. As of now, we do not expect any interruptions to Housing Connect operations and funding and we will continue to serve our community.
